

What is Ace in the City Coffee?

Ace Coffee is a social enterprise of Ace in the City, empowering our student leaders through job training, employment and mentorship. **ALL PROFITS** go back to support our student leaders, our community and the work of Ace in the City. (And 50% of your subscription is tax-deductible!)

What's a subscription service?

Subscription services are on the rise. You buy, they ship. (In this case, we ship!) You receive something without having to go anywhere or do anything (other than a few clicks of the button). Ace in the City will be shipping you the highest quality, freshest coffee at a tier of your preference (either once a month or twice a month, depending on how much coffee you drink☺).

Why a subscription service?

We wanted to build something that worked well with our students. Having anything brick and mortar would naturally create conflicts with school schedules. A subscription service provides a much more flexible working schedule that best complements school and extracurricular activities.

So how's it work?

For individual subscriptions, you (1) decide if you want one 12 oz pouch of coffee delivered to you **ONCE** or **TWICE** a month (we plan to deliver on/around the 15th and 30th of every month), (2) go online and set up your subscription (including your payment information), and (3) quality coffee will be coming your way!

I'm looking to purchase for my office, church or place of business. Do you work with folks beyond the individual subscription level?

YES! We approach this conversation a bit differently than our individual subscription (different logistics, etc). But if this is you, please email coffee@aceinthecity.org and we will work with you directly to serve you in this way.

How do I set up a subscription? What if I don't like it or want to make a change?

If you're wanting to join our Coffee Club, simply email coffee@aceinthecity.org and we'll be in touch to get things set up for you. Don't like it or want to make a change? No problem! You can cancel or edit your subscription at any time!

What can you tell me about the beans? Are they fair trade?

We partner with Wesley Andrews, one of the premiere coffeehouses in the state. Wesley Andrews works directly with all of their farmers. All farmers are paid at or above Fair Trade prices.

Tell me more about your pricing?

Our cost is \$22/bag, which includes the cost of shipping. One of the biggest factors associated with this cost is delivery. After you take out the cost of delivery, you're really just paying a normal cost for a really quality coffee. (And a quality coffee whose profits are going to support local youth and community development, not deepening the pockets of a few investors and executive leaders.) And did we forget to mention?!?! 50% of your subscription is tax-deductible!
